Re: Bid Recommendation for Pavement Marking

.

After reviewing the bids from the SE Florida Co-Op Group, which Davie is a member, the Public Works Department recommends that the bid be awarded to Southwide Industries, Inc., from the Co-Op bid of the City of Pompano Beach, Florida.

SE FLORIDA COOPERATIVE PURCHASING GROUP

The Southeast Florida Cooperative Purchasing Group is made up of approximately 37 entities. Most of those entities are from Broward County although membership is available to entities in Dade, Broward, and Palm Beach Counties. The co-op meets and identifies commodities and/or services that are commonly bought by a majority of the entities. Once a commodity or service is identified that lends itself to co-op purchasing, one of the members volunteers to act as "lead agency" for the co-op group. The "lead agency" bids and awards the contract for the co-op group and handles any contract administration. The benefit of the co-op is two fold. Firstly, the co-op can obtain better pricing because of the buying power generated by combining quantities with other participating entities. Secondly, co-op members realize administrative cost savings by not having to put out as many contracts (i.e. you only put out those contracts that your entity is the lead agency on. All other contracts are put out by other co-op members).

Joint procurement is permitted by Sec. 2-322 of the Town Code.
